

Ambler Primary School Sports Premium Funding 2017-2018

The government has given all state primary schools additional funding to improve provision for physical education (PE) and sport. The funding is ring fenced and can only be spent on the provision of PE and sport but schools are free to choose how to spend it .

The funding is expected to continue until 2020.

Use of Sports Premium:

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer. They should use the premium to :

- Develop or add to the PE and sports activities already offered
- Make improvements to benefit future pupils of the school

The funding at Ambler is used to :

- Hire qualified coaches to work with teachers and pupils, for example tennis and cricket specialists
- Provide existing staff with training and resources to help them teach PE and sport more effectively, for example all NQT's received gymnastics CPD this academic year.
- Introduce new sports or activities and encourage more pupils to take up sport
- Support and involve the least active children by running extended day sports club provision and targeting them
- Run sports competitions
- Increase pupil participation in school games for example through the development of our active playground
- Run sports activities with other school

The amount of Sports Premium received by Ambler:

The amount of Sports Premium received by schools is based on the number of eligible pupils on the school's roll. Eligible pupils are those who have been eligible for free school meals (FSM) in any of the years since summer 2012 , as well as those first known to be eligible from January 2018. All children at school in Islington receive school meals but 'eligibility' is calculated differently. Each school with 17 or more eligible pupils receives £8,000 plus £5 per pupil. At Ambler we have more than 17 eligible pupils and the funding we received for 2017-18 was £18,650.

How we aim to use the Sports Premium :

At Ambler we aim to use the Sports Premium in accordance with our whole school ethos that everyone can 'Achieve More' using their DREAMS qualities. We seek to ensure that all children have access to affordable, specialised sports training (e.g. gymnastics, karate, yoga ,dance, tag rugby) and we aim to ensure that our activities are as inclusive and varied as possible.

Our key aims remain to combat obesity and get more girls to participate in extracurricular sport. We also aimed to develop the provision of the second hour of P.E. by ensuring excellent CPD for all of our teachers.

Sports Premium Spending 2017-2018		
Objective	Action	Cost
To improve CPD through specialist training	All teachers to receive a rolling program of training from outside specialists in gymnastics, tennis ,rugby and cricket	£3,500
