

DUDEE READINGS - TEMPERATURE - BAROMETER. DUNDEE CHANGE BAROMETER 29.5 & 30.0

THE DUCHESS' NEW HOME. A GREAT LAWYER IN POLITICS.

A CINEMA IN A TEA SHOP - THE BATTLE OF THE TAXIS.

Thomson House, 12 Peter Lane, London, Wednesday.

The alterations and preparations are now practically completed and the Queen, who made a point of visiting the new home...

The Queen took a deep interest in the reading of the grand-daughter, the little Princess naturally did not accompany her.

The Duchess herself chose the charming interior and gave personal instruction concerning the details of the decoration.

It does not seem so long ago since Sir Douglas was a junior counsel - an amateur lawyer, and a habit of looking for in every case...

Even in those days he was looked upon as a man whose judgment mattered and whose case was never lost.

These early days no one marked him as a politician, and he had no doubt if the House had not claimed him as a leader at the Bar to-day or attained a seat on the Bench of the High Courts.

The latest in London teas is a grain cinema performance which patrons are slipping in to see and exitting before the new departure is to be found just off a much-frequented street down Westminster.

The idea seems to have originated on, for the first time, in the cinema, and the people, whose attention was drawn to their plates and the screen.

The films put on are chiefly comedies of the class moving rapidly to and fro in fifteen minutes.

The cinema has proved had many chances which tea is being, but this is something quite new.

The owners have written to Sir W. Joyce, who has been guilty of a breach of faith, and they are threatening to sue.

As Sir W. Joyce Hicks had indeed made arrangements to place these checks on the market in order to bring a second round of four-seaters to their senses, no one here would be surprised if they could have given any such undertaking.

The public being in altogether against the cabowners and with the High Court in support of the latter, it is considered to have been only too well deserving in the matter of the high fares.

Visitors to Chiswatton. It was raining to-day to a man who during the summer months his living is very good living too - as a guide to visitors to the Metropolitan.

He confessed that his income varies according to the generosity of the parties who he conducts the lecture to.

Chiswatton, he said, "is one of the greatest attractions, especially to Americans, and there is also a keen demand for such places as Chiswatton and Whitechapel and the famous Bow Bell.

Chiswatton is a really something of a disappointment, though the opportunity is always afforded to see the famous "chicken" - a dish in which chicken is alleged to be the main ingredient.

The popularity of Houndsitch is explained by reason of the fact that the Sidley Street muders, while the fame of Houndsitch has spread all over the world.

Gardening Gossip. Every shop has its season of popularity, and there is no exception in the case of the garden.

It was reported by the janitor at the Metropolitan School Management Committee that 235 copies of the "Midnight" were distributed.

The income from the sale of cocoa was £2,000 on account of the cocoa sold by the committee.

It was stated that no reply had yet been received from the Metropolitan School Management Committee.

The students report for the past month showed that there were 530 scholars on the roll.

Several members stated that the Education Authority had taken up a wrong line in the case of the cocoa.

As a steamer overboard, the crew were rescued and the vessel was towed to the shore.

The fire occurred in the felt padding between the fireboards in a classroom on the first floor.

As the alarm was sounded at 11.45, the fire was extinguished by the fire brigade.

VACCINATION BLAMED For Laying Out Many R.B. Gymnasiums.

Impressions Of An Onlooker.

The secret of good health is good nutrition. The secret of a good liver is good exercise.

It was the gymnastic competition of the B.B. that was being staged. On a contention that a pretty row of forty boys was sitting behind me, I told me quite distinctly that he had to see this display.

No Lack of Enthusiasm. Whether the boys thought or thought whether it is doubtful, but it is no question of their enthusiasm.

I learned from the remarks of the chairman, Sir Alex. Spence, that there would have been a bigger entry for the competition this year had it not been for the small-pox outbreak.

Perhaps one of the squad would catch the eye of a motor car owner than any other. A suggestion of a grin would creep round the corner of his mouth.

The 15th Company (Free Breakfast Mission) was given the prize for the best team in the gymnastic line.

To-night the members of the B.B. have their chance of showing off in the B.B. and the members of the B.B. have their chance of showing off in the B.B.

CAPTAIN WHO PARTED DISPUTE OVER DUNDEE FURNITURE PURCHASE.

Verdict For Defender.

Shirriff Malcolm at Dundee today issued a verdict in an action for breach of contract between Robert Struck and James Duff.

The claim was in respect of the value of certain articles of furniture which were delivered by pursuer to defender.

For pursuer it was stated that his son Alexander, who was employed by him in the business, had asked him to get a catalogue of furniture for O'Hara, who was a manufacturer of furniture.

It was denied that defender was offered the furniture on a wholesale price basis.

Defender maintained that he never had any transaction with pursuer, and that he was a complete stranger to him.

Defender also stated that he had never seen Alexander Struck, and that he had never seen the furniture which was the subject of the action.

Defender also stated that he had never seen Alexander Struck, and that he had never seen the furniture which was the subject of the action.

NATIONS TO TALK ABOUT TRADE. A Great Gathering To-Day at Geneva.

Trade Unions and Politics.

A world's economic conference will be held at Geneva to-day.

It is not quite all the world is represented. There will be no representation from at least a very large part of it - not only from the nations who are unrepresented, but also from the United States, Turkey, and Soviet Russia.

Switzerland has just made up her mind to allow her to attend. In spite of her contempt for the Bourgeois States, she has not yet been recognized by many of them.

There will be all sorts of folk at the conference - politicians and bankers and industrialists and the workers.

There is to be a great scale of talk and discussion. It is not to be a mere talk of taking counsel together - that and no more.

There does not mean that they will be subsequently carrying out plans to overcome them. And there are some subjects on which the nations are not to be able to agree.
