## Ambler Science Week 2020 - Dress like a scientist!

Dear parents and carers,

**Ambler Science Week** takes place the week commencing 10<sup>th</sup> February 2020.

During the week everything will be **science** related. There will be thrilling science workshops from reception to year 6, poster competitions, science quizzes and our afternoons will be filled with exciting, investigative lessons related to the British Science Association's theme of ***Our Diverse Planet***.

To celebrate our science week, all children and staff are invited to **dress up** as a scientist on **Friday 14<sup>th</sup> February 2020**. This can include dressing up as any STEAM profession or even a scientific concept such as a light bulb or planet! The more creative, the better!

There are lots of ideas on the internet to help you, including Pinterest. Attached to this letter are some ideas of the professions that use different areas of science.

Kind regards,

Miss Millar  
Science Lead
