Monday 25th November 2019

Dear mums, dads and carers,

Last Friday we had a parents coffee morning regarding our current provision and '**next steps**' for supporting children with additional needs at Ambler. THANK YOU to those who attended and for all your positive feedback. Just like you, we want to find the best ways to support both you and your children.

As we are in a process of change with a new Inclusion leader starting in January, I am going to use this opportunity to review and develop everything that we can to ensure that your children get the best support possible within our resources. One of the main suggestions that we discussed in the meeting was a need for greater communication about all aspects of support for children with additional needs and so therefore I am going to put '**developing really effective communication**' at the top of the list for the new Inclusion leader.

Another suggestion that came from the coffee morning that we will be taking forward is developing ways to **share information for parents about available resources** (IT) grants and organisations that can be helpful and supportive.

Maria has a few days planned to hand over everything to the new Inclusion leader/ assistant head to ensure a smooth transition. Mandy Goode – the new inclusion leader will be meeting all the parents and children who have an EHCP and she will be visit all classes and look at individual need and whole class resources and support.

If anyone would like to speak to the new inclusion manager when she starts or send in any suggestions to the school on how we can we can improve the current SEND provision, please contact the school office.

Yours

Juliet Benis
