Ambler supporting Sport Relief 2020

Dear parents and carers,

Ambler will be holding an event to raise money for Sport Relief 2020 and on Friday 13th March all pupils will be taking part. Pupils are invited to come to school in their school PE kit to be ready to take on the activities of the day!

All children will take part in our 'Put on a Mile' event. Each child will choose how they will get round the course. They could hop, skip, or run around the course in the playground. Each class is going to try and travel as far as they can, maybe they could even reach a mile in the playground?

In addition there will also be additional sports at break and lunch time and a table tennis tournament where children will get to play against a member of the senior leadership team.

We kindly ask that all participating pupils bring in a £1 donation to support the charity.

Sport Relief is a fantastic charity that provides safe areas for children to play in countries all over the world. To learn more about Sport Relief please visit the website below:

Thank you in advance for your continuing support,
Kind regards,
Miss Sutherland
